**Highlights:**

**(a) CMAT -2020:**

- National Testing Agency conducted CMAT-2020 for the second time. This was being conducted by AICTE upto 2018.
- A National Merit Ranking (All India Rank) has been arrived based on the Marks secured against Total Marks. In case total marks are same for more than one candidate, the ranking has been done on sectional score considered in the order of :- Quantitative Techniques & Data Interpretation (QTDI), Logical Reasoning (LR), Language Comprehension (LC), General Awareness(GA), Candidates having less negative responses and Candidate older in age.
- The merit list indicates Roll number, Rank, NTA Score and the Marks obtained of all the candidates. CMAT-2020 score is valid for the admissions of academic year 2020-21.

- The NTA scores of a Candidate have been calculated as follows:

$$\frac{100 \times \text{Number of candidates appeared in the examination with raw marks EQUAL TO OR LESS than the candidate}}{\text{Total number of the candidates appeared}}$$

The NTA Score of the Total is **NOT** an aggregate or average of the NTA Score of individual subject. NTA score is not the same as percentage of marks obtained.

- The admission authorities are advised to use score awarded to the students for allotment of seat in the AICTE approved programs along with the other criteria that may exist, as applicable. Admission authorities and institutions, however, will be free to take their own decision at the time of admission as to what weightage they wish to give to a particular section.
